## EXPERIENCE

### WEB DEVELOPER

Quadusk

April 2020 - October 2022

- Choose the best tools to boost productivity of the team.
- Research and learn new Technology.

## SKILLS

- **JavaScript/ TypeScript:** I can do DOM/CSS manipulation inside Javascript with/without JavaScript Frameworks. I experience using TypeScript in a large project and it helps us understand each component faster and also avoid runtime bugs.
- **React.js/ Next.js:** I make sure that the application or individual component will not cause performance issue.
- **HTML/ CSS/ Tailwind CSS**
- **Animation/ React-Spring/ GSAP**
- **Blender/ 3D Modeling**
- **Three.js/ WebGL/ GLSL**
- **Git/ Monorepo:** Use Git as a version control, I use Turboeopo to help team easily share code across applications, follow a common pattern by using the same tools like code formatter and linter. This helps the team by not need to do the work ofpublish packages to npm registry and versioning those packages.
- **Go ( Programming Language ):** Experience with creating serverless functions with Golang and Vercel.
